IN THE SPECIFICATION

Please replace the paragraph at page 25, lines 3-6, with the following rewritten

paragraph:

Informed of the successful ~~failure in~~ file system mounting in step S32, the data base

layer 43 issues a command for acquisition of a file attribute that can only be acquired from

the file system (Get File Attribute ("file #1") ...) (steps S33-1, S33-2, ...) and acquires the

information.
